### Student Accident Insurance Arrangements

The Department does not provide personal accident insurance for students. Parents and guardians are responsible for paying the cost of medical treatment for injured students, including any transport costs, unless the injury is caused by the negligence (carelessness) of a Department or school council employee or volunteer.

Students’ accident insurance policies are available from the private insurance market. These cover a range of medical expenses not covered by Medicare. They can be obtained by parents for individual students.

Parents of students at Kennington Primary School are reminded that Kennington Primary School does not have a whole of school policy.

### Personal Belongings Brought to School

Principals have been asked by the Department of Education and Early Childhood Development to remind the school community of the following:

- Personal property is often brought to school by students, staff and visitors. This can include mobile phones, electronic games, calculators, toys, musical instruments, sporting equipment, and cars parked on school premises.
- The Department does not hold insurance for personal property brought to schools and it has no capacity to pay for any loss or damage to such property.

Principals are requested to remind staff, students and parents/guardians of this at the beginning of this academic year. Staff and students should be discouraged from bringing any unnecessary or particularly valuable items to school.
Parent and Carer Information Sessions
We are very pleased to be able to offer several information sessions to support our parent community. Please RSVP to ensure your place at these events by returning the reply slip, or calling the office on 5443 2011.

Safety on Line
Next Wednesday 28th August, Tracey Porter will be presenting a Cyber Safety Parent Information Session. The session will run from 6:30pm – 7:30pm in the BER building. Her presentation will focus on:
* bullying/sexting and the law:
* dangers and relevant information regarding Apps/Chat rooms/Social Media,
* how to keep yourself safe against cyber-crimes (bullying/stalking/sexting/grooming)
* sexual assault – self-respect
* empowerment

I would highly recommend this session as I know many of the students in the grades are using a variety of social media sites and apps, and I believe it is important that they understand how to use it safely as well as being aware of relevant laws as they approach Secondary College.

Children and Anger
An information session presented by Narelle Williams & Barb Webb from Centacare is being offered at KPS in the staffroom on Monday 2nd September from 5:45pm (refreshments, with a 6:00pm start) until 8:00pm. During this two hour workshop for parents, carers and educators we will discuss:
* The reasons why children get angry
* Understanding your own response to your children's anger
* Ways to help children express their anger appropriately

Please send the RSVP slip attached to this newsletter to reserve your place. Please make arrangements for childcare.

Scooters and Bikes
It is pleasing to see many children getting exercise on the way to and from school. Please ensure your child can use a scooter or ride a bike in a safe manner whilst complying with the road rules.

The following important information is from the Better Health website. www.betterhealth.vic.gov.au

Scooter Safety
The scooter (also known as a foot or kick scooter) is a popular device for children and adults. Falls and collisions with cars and pedestrians are common, especially for children. Essential safety equipment includes a safety helmet (mandatory) and guards for the wrists, elbows and knees. Scooter riders are required by law to wear an approved bicycle helmet.

It is also important that you teach your children the road safety rules. Falls and collisions with cars and pedestrians are disturbingly common. Young children and those learning to use the scooter are most at risk of injury.

According to child safety experts, a scooter is an inappropriate toy for any child under eight years of age. This toy is typically lightweight and may be motorised, which means it can travel at fast speeds. Parents should supervise their child and ensure that safety equipment is used at all times.

Bike Safety
In their early years, children need lots of assistance from adults to manage the considerable risks associated with road use. They need particular help in detecting the presence of traffic and judging the speed and distance of oncoming traffic.

As they grow and develop, and with the help of adults, children become increasingly aware of how they can manage their own safety and become safer road and bicycle users.

Bicycle riding can be fun for the whole family, but it needs to be enjoyed safely. Bicycle safety involves developing riding skills, wearing the right protective gear and looking after your bicycle. Parents should teach their children about cycling safety and caring for their bicycle.

Things to Remember
* Young children need adult help in the road environment and regular opportunities to develop and practice skills together with adults.
* Children learn road safety habits by watching and copying others, so set a good example.
* Talk with your child about roads, signs, traffic, and how and where we cross the road safely.
* Protect your child by using the right child restraint or booster seat for their size and using it correctly every trip.
* In Victoria, it is compulsory for adults and children to wear a helmet while riding a bicycle.
* Make sure you choose the right helmet for your child and that it is fitted correctly.
* Regularly check the bicycle for safety.
* Give your child lots of riding practice and teach them riding skills.
* Make sure the bicycle is the right size for your child – a bike that is too big or small can be dangerous.
PRINCIPAL’S Report continued………

**Chaplaincy Program**
As you are aware Anthea Taylor is KPS’s Chaplain. Anthea works on Tuesdays and Wednesdays at KPS. As part of the program, regular evaluations are required. If you have any feedback regarding the program please email it to me, or write your thoughts and send it into the office in an envelope marked, “Attention Trudi Jacobson, Chaplaincy Feedback.”

[Email: jacobson.trudi.e@edumail.vic.gov.au]

**Head Lice**
Head lice management is a complex issue for schools and head lice infections can be difficult to manage. The responsibility for detecting and treating head lice rests primarily with the parents but is supported by the school. At Kennington Primary School we have several practices in place for managing head lice.

Components of our Head Lice Management Practice include:
- Request of parents/carers to inform the school office when head lice have been detected and treated
- A consent form signed by parents/carers to conduct head lice inspections to cover the duration of the student's schooling
- An alert notice provided to students in a grade where head lice have been detected
- Random head lice checks of all students in selected classes
- Children sent home with a parent/carer when head lice are found for treatment
- Parents present with their child at the office after treatment at home, for an inspection. Children must be head lice free in order to stay at school.

We are aware that the discovery of head lice can be a sensitive issue. We aim to exercise sensitivity towards this issue and to avoid any stigmatisation by maintaining student confidentiality.

PERFORMING ARTS NEWS

Term Three Performing Arts Focus -- Grade 5 & 6

This Week’s Theme – Learning Lines
Now that most of the scenes have been rehearsed in the Porridge Production, all speaking parts must now be performed without scripts. That means that students need to have all lines learnt. I want to congratulate the cast who are already doing this (especially the Boys in Blue team!!). Here are some quick hints to help with learning the script:

- Get a family member to read the other parts for you
- Focus on pausing whenever there is a joke. (Say Boom-Boom)
- Use HEAPS of expression
- Record the lines onto the computer, except for your parts, and then play it back and say your lines.
- Say your lines at half speed. Then at double speed.
- Write in all your actions onto the script
- Write out all the lines you can recall.
- Sing your lines to a nursery rhyme tune

Ticket sales have opened and the first half of the theatre is already sold. So please get in quick to avoid disappointment as we are only doing the ONE night on Thursday 19th September.

Costumes – If you have any queries please email me on collishaw.wendy.m@edumail.vic.gov.au

BOOK WEEK DRESS UP DAY

Our Book Week Dress Up Day was a huge success with a wonderful array of book characters on show. The whole school assembly was an opportunity for these costumes to be celebrated as each grade level paraded in the amphitheatre. Our Student Representative Council did a fabulous job of running the parade, collecting money, organising prizes and promoting the event. Money raised will now be donated to the Starlight Foundation. We would also like to thank all parents who supported this day by putting effort and imagination into helping their children create a costume. Mrs Findlay & Mrs Guthrie
