About Global2 Blog

At Kennington Primary School the staff use a variety of web tools and resources to develop digital literacies and to educate our students about the appropriate use of digital technologies. Having a class blog connects those technologies and provides opportunities to learn about managing and participating in social media. The blogging space that we are using is Global2. Global2 is a blogging community for Victorian schools.

As a parent/guardian you will be able to see the blogs. We encourage you to get involved by posting comments and reinforcing appropriate behaviours on-line.

For your child to participate in this online community we require your informed consent. If you would like more information about how the school intends to use Global2 please contact Kennington Primary School Future Technologies Leader, Ms Erin Jackson.

Kennington Primary School is Setting Up a Class/Specialist Blog
As part of this community our school will set up and manage class blogs for your child’s class. The teacher will control all posts. This blog will be open to everyone on the internet allowing:

- a genuine global audience and opportunities to work with other schools on global projects
- an understanding of the importance of a positive online presence, and the development of skills and knowledge to manage their technology.

Global2 Blog Agreement Parent Permission

☐ I agree to allow my child to use the Global 2 blog.
☐ I do not give permission for my student to use the Global2 blog.

Parent/Guardian Signature:__________________________

Please print Parent/Guardian Name:____________________________________ Date:____________

Please return to your child’s classroom teacher by Monday 23rd February 2015.
